

## From Rokeby to Russia

*Rokeby pupils are first to visit the Russian Embassy*

**On 26th March, a group of Year 10 Russian language students from Rokeby School had the privilege of being the first school in the UK to visit the Russian Embassy.**

"I have never seen anything like it before. Old fashioned building, furniture, amazingly comfortable chairs in the Golden Room, even a chance to hold the torch of the Sochi Winter Olympic Games 2014, how cool is that?" said Rokeby student Raimondas Stramaitis.

"The fact that we were the first school group ever to visit the embassy made the day even more special" said Ms Deimante Dambrauskiene, the Russian teacher.

The group were met by Attaché Ms Elizaveta Vokorina and Councillor Mr Sergey Nalobin, Russian diplomats who took the students on a tour of the Embassy and talked about the purpose and role of diplomatic missions, what it takes to become a diplomat and why diplomacy is so important in the modern world.

Over the course of their visit the students learned how language proficiency could widen their career choices in future.

The visit was organised with support of East London Business Alliance, a community investment

charity, and Pinsent Masons law firm.

The students were given an hour-long tour of the residence before meeting the Russian Ambassador for a question and answer session about his mission and daily life as Russia's Ambassador to the UK.

Rokeby called the visit a huge success which gave the students the opportunity to use their Russian language and feel proud of it.

Students Rihards Boriss, Dionisio Ribad Miguel and Peter Adesola said that: "We enjoyed meeting the Ambassador Mr. Alexander Yakovenko the most, as he answered the questions we had prepared, and we even got to shake his hand. We left the Embassy enriched by facts about Russia's culture, politicians, artists,

musicians and fascinating history".

Meanwhile, Erik Michailov and Rejus Jarusevicius said: "We like nature very much, so the Winter Garden made the best impression on us".

On the way to the Embassy, the students revised the questions they had prepared for the ambassador, and taught some basic Russian to Ms Sarah Lawson, the English-speaking teacher accompanying them, as well as fellow train-users who took the opportunity to learn from the Rokeby group.

"I was pleasantly surprised that we were the very first students to visit the Russian Embassy" said Ignas Serepka. And Liutauras Stankevicius summarised: "Can you believe that they rent this residence for £1 per year?"

## 2nd in Science Faculty

### Lister Community School

St Mary's Road Plaistow London E13 9AE  
0208 471 3311  
(TLR 1A £7,471 - Required for September 2015)

Do you really believe that non-selective schools can provide as high quality an education as any other school in the country?

Are you passionate about high quality teaching?

Do you want to work in a school where they ask every day 'what is the best way to do this?'

Is your own teaching outstanding, and do you have the skills and knowledge to help others develop their teaching?

Are you resilient, imaginative, thoughtful, conscientious and determined?

Do you treat staff and students the way that you expect to be treated yourself?

Are you continuously on the lookout for examples of outstanding practice which your institution can learn from?

Lister Community School is a large 11-16 comprehensive school at the heart of its community, and part of a soft federation with our 7 nearest primary schools. Student

attainment is rising: our headline 5ACEM figure has risen from 38% in 2010 to 55% in 2013 and we were named in January 2014 as one of the 100 most improved schools. Our November 2013 Ofsted report spoke of the school's 'consistent focus on raising the quality of teaching and developing a culture of learning and high aspirations across the school'. We are determined to build on our recent Ofsted judgement and continue our journey to becoming an Outstanding school in the next two years.

We are determined to provide as good a quality of education as at any school in the country, and to measure ourselves against the best. Our staff regularly visit other schools as part of our Outstanding Practice Programme and this has developed the school's 'outward looking' ethos. Our students are friendly, courteous, motivated and have high aspirations. The school benefits from a range of external partnerships including becoming the first partner school in the Music in Secondary Schools Trust, supported by the Andrew Lloyd Webber Music Foundation and the Charles Wolfson Charitable Trust, and working in collaboration with Highbury Grove School in Islington.

We are seeking to appoint a dynamic 2nd in Science Faculty to join our dedicated

Science team. The 2nd in Faculty has a key role in developing the quality teaching and learning within Science and must be a consistently good classroom practitioner. If you think you have the potential to make a substantial contribution to this role then please email [jobs@lister.newham.sch.uk](mailto:jobs@lister.newham.sch.uk) for an application pack.

Do you really believe that non-selective schools can provide as high quality an education as any other school in the country?

Are you passionate about high quality teaching?

Do you want to work in a school where they ask every day 'what is the best way to do this?'

Is your own teaching outstanding, and do you have the skills and knowledge to help others develop their teaching?

Are you resilient, imaginative, thoughtful, conscientious and determined?

Do you treat staff and students the way that you expect to be treated yourself?

Are you continuously on the lookout for examples of outstanding practice which your institution can learn from?

Lister Community School is a large 11-16 comprehensive school at the heart of its community, and part of a soft federation with our 7 nearest primary schools. Student

attainment is rising: our headline 5ACEM figure has risen from 38% in 2010 to 55% in 2013 and we were named in January 2014 as one of the 100 most improved schools. Our November 2013 Ofsted report spoke of the school's 'consistent focus on raising the quality of teaching and developing a culture of learning and high aspirations across the school'. We are determined to build on our recent Ofsted judgement and continue our journey to becoming an Outstanding school in the next two years.

We are determined to provide as good a quality of education as at any school in the country, and to measure ourselves against the best. Our staff regularly visit other schools as part of our Outstanding Practice Programme and this has developed the school's 'outward looking' ethos. Our students are friendly, courteous, motivated and have high aspirations. The school benefits from a range of external partnerships including becoming the first partner school in the Music in Secondary Schools Trust, supported by the Andrew Lloyd Webber Music Foundation and the Charles Wolfson Charitable Trust, and working in collaboration with Highbury Grove School in Islington.

As part of our continued focus on further developing the quality of teaching we are
